Experience

E – Factor Experience

Exhibition Designer

Noida, India
August 2025 – Present

- Led the spatial & narrative design for Delhi redevelopment project, improving public spaces through stakeholder interviews, user research and site analysis.
- Developed exhibition narratives & visitor journeys for museum projects, focusing on engagement, accessibility & experiential flow.
- Produced hand-sketched concept drawings to communicate spatial ideas clearly during early design stages & client discussions.
- Collaborated with multidisciplinary teams while driving projects through a research-led design process, resulting in client approval of proposed concepts.

Design Factory India

Exhibition Designer

Noida, India
May 2023 – September 2023

- Designed & developed display panels for 2 museum projects using Blender, ensuring thematic coherence.
- Created 3D models of museum galleries using Blender & Photoshop to enhance client visualizations & securing approvals.
- Conceptualised & visualised interactive installations to boost visitor engagement.
- Designed spatial graphics for museum interiors using Photoshop, aligning with museum narratives.
- Conducted in-depth research on museum themes, delivering insights that shaped exhibit storytelling & guided client decision-making.

Kingsmen India

Exhibition Designer (Freelance)

Noida, India
May 2023

- Designed & executed an exhibition stall from concept to realization, ensuring a seamless visitor experience.
- Integrated brand identity into the stall design, enhancing brand recognition & visual impact.

Projects & Achievements
